Re: Request for Information Pursuant to Section 104 of CERCLA for DLH Plating Site at 2801 Grand Ave Cleveland, OH 44104 Cuyahoga County.

Dear Mr. Armstrong:

This letter seeks your cooperation in providing information and documents relating to the contamination of the DLH Plating Superfund Site at 2801 Grand Ave Cleveland, OH 44104 Cuyahoga County. We encourage you to give this matter your immediate attention and that you provide a complete and truthful response to this Information Request and attached questions (Attachment B) within 14 days of your receipt of this letter.

The United States Environmental Protection Agency ("U.S. EPA") is investigating the release or threat of release of hazardous substances, pollutants, or contaminants at the Site. U.S. EPA is seeking to obtain information concerning the generation, storage, treatment, transportation, and methods used to dispose of these substances, and identify activities, materials, and parties that contributed to contamination at the Site. U.S. EPA will study the effects of these substances on the environment and public health. U.S. EPA believes that you might possess information which may assist the Agency in its investigation of the Site.

Under Section 104(e)(2) of CERCLA, 42 U.S.C. 19604(e)(2), U.S. EPA has broad information gathering authority which allows U.S. EPA to require persons to furnish information or documents relating to:

(A) The identification, nature, and quantity of materials which have been or are generated, treated, stored, or disposed of at a vessel or facility or transported to a vessel or facility.

(B) The nature or extent of a release or threatened release of a hazardous substance or pollutant or contaminant at or from a vessel or facility.

(C) Information relating to the ability of a person to pay for or to perform a cleanup.

While U.S. EPA seeks your cooperation in this investigation, compliance with the Information Request is required by law. In addition, providing false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. ' 1001. The information you provide may be used by U.S. EPA in administrative, civil or criminal proceedings.

Some of the information U.S. EPA is requesting may be considered by you to be confidential. Please be aware that you may not withhold the information upon that basis. If you wish U.S. EPA to treat the information confidentially, you must advise U.S. EPA of that fact by following the procedures outlined in Attachment A, including the requirement for supporting your claim for confidentiality.

If you have information about other parties who may have information which may assist the Agency in its investigation of the Site or may be responsible for the contamination at the Site, that information should be submitted within the time frame noted above.

Section 104 of CERCLA, 42 U.S.C. ' 9604, authorizes U.S. EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to requests for submissions of required information.

This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1995, 44 U.S.C. ' 3501 et seq.

Instructions on how to respond to the questions in Attachment B to this document are described in Attachment A. Your response to this Information Request should be mailed to:

U.S. Environmental Protection Agency
William Ryczek Enforcement Specialist
Emergency Enforcement Services Section, SE-5J
77 West Jackson Boulevard
Chicago, Illinois 60604-3590

If you have additional questions about the history of the Site, the nature of the environmental conditions at the Site, or the status of cleanup activities, please contact Nola Hicks Office of Regional Counsel at (312) 886-7949 . However, if you have specific questions about the Information Request, please contact William Ryczek Enforcement Specialist at 312-886-7184.

We appreciate and look forward to your prompt response to this Information Request.

Sincerely,

A handwritten signature in black ink, appearing to read "William D. Messenger". The signature is fluid and cursive, with a large loop at the end.

Instructions

1. Answer Every Question Completely. A separate response must be made to each of the questions set forth in this Information Request. For each question contained in this letter, if information responsive to this Information Request is not in your possession, custody, or control, please identify the person(s) from whom such information may be obtained.
2. Number Each Answer. Precede each answer with the corresponding number of the question and the subpart to which it responds.
3. Provide the Best Information Available. Provide responses to the best of Respondent's ability, even if the information sought was never put down in writing or if the written documents are no longer available. You should seek out responsive information from current and former employees/agents. Submission of cursory responses when other responsive information is available to the Respondent will be considered non-compliance with this Information Request.
4. Identify Sources of Answer. For each question, identify (see Definitions) all the persons and documents that you relied on in producing your answer.
5. Continuing Obligation to Provide/Correct Information. If additional information or documents responsive to this Request become known or available to you after you respond to this Request, U.S. EPA hereby requests pursuant to Section 104(e) of CERCLA that you supplement your response to U.S. EPA.
6. Confidential Information. The information requested herein must be provided even though you may contend that it includes confidential information or trade secrets. You may assert a confidentiality claim covering part or all of the information requested, pursuant to Sections 104(e)(7)(E) and (F) of CERCLA, 42 U.S.C. ' ' 9604(e)(7)(E) and (F), and Section 3007(b) of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. ' 6927(b), and 40 C.F.R. ' 2.203(b).

If you make a claim of confidentiality for any of the information you submit to U.S. EPA, you must prove that claim. For each document or response you claim confidential, you must separately address the following points:

1. the portions of the information alleged to be entitled to confidential treatment;

2. the period of time for which confidential treatment is desired (e.g., until a certain date, until the occurrence of a specific event, or permanently);
3. measures taken by you to guard against the undesired disclosure of the information to others;
4. the extent to which the information has been disclosed to others; and the precautions taken in connection therewith;
5. pertinent confidentiality determinations, if any, by U.S. EPA or other federal agencies, and a copy of any such determinations or reference to them, if available; and
6. whether you assert that disclosure of the information would likely result in substantial harmful effects on your business' competitive position, and if so, what those harmful effects would be, why they should be viewed as substantial, and an explanation of the causal relationship between disclosure and such harmful effects.

To make a confidentiality claim, please stamp or type "confidential" on all confidential responses and any related confidential documents. Confidential portions of otherwise non confidential documents should be clearly identified. You should indicate a date, if any, after which the information need no longer be treated as confidential. Please submit your response so that all non-confidential information, including any redacted versions of documents, is in one envelope and all materials for which you desire confidential treatment are in another envelope.

All confidentiality claims are subject to U.S. EPA verification. It is important that you satisfactorily show that you have taken reasonable measures to protect the confidentiality of the information and that you intend to continue to do so, and that it is not and has not been obtainable by legitimate means without your consent. Information covered by such claim will be disclosed by U.S. EPA only to the extent permitted by Section 104(e) of CERCLA. If no such claim accompanies the information when it is received by U.S. EPA, then it may be made available to the public by U.S. EPA without further notice to you.

7. Disclosure to U.S. EPA Contractor. Information which you submit in response to this Information Request may be disclosed by U.S. EPA to authorized representatives of the United States, pursuant to 40 C.F.R. '2.310(h), even if you assert that all or part of it is confidential business information. Please be advised that U.S. EPA may disclose all responses to this Information Request to one or more of its private contractors for the purpose of organizing and/or analyzing the information contained in

the responses to this Information Request. If you are submitting information which you assert is entitled to treatment as confidential business information, you may comment on this intended disclosure within fourteen (14) days of receiving this Information Request.

8. Personal Privacy Information. Personnel and medical files, and similar files, the disclosure of which to the general public may constitute an invasion of privacy, should be segregated from your responses, included on separate sheet(s), and marked as "Personal Privacy Information."

9. Objections to Questions. If you have objections to some or all the questions within the Information Request letter, you are still required to respond to each of the questions.

Attachment B Requests

1. **Identify** all **persons** consulted in the preparation of the answers to these Information Requests.
2. Identify all **documents** consulted, examined, or referred to in the preparation of the answers to these Requests, and provide copies of all such documents.
3. If **you** have reason to believe that there may be persons able to provide a more detailed or complete response to any Information Request or who may be able to provide additional responsive documents, identify such persons. Include a list of the all the employees and their addresses that were employed at your facility during the last five years of it's operation. This list should also include the operations manager, maintenance manager, and line supervisors of the plating operation at the Site.
4. List the EPA Identification Numbers of the **Respondent**.
5. Identify the acts or omissions of any persons, other than your employees, contractors, or agents, that may have caused the **release** or threat of release of **hazardous substances, pollutants, or contaminants**, and damages resulting from each release.
6. Identify all persons having knowledge or information about the generation, transportation, treatment, disposal, or other handling of hazardous substances by you, your contractors, or by prior owners and/operators.
7. Did you ever use, purchase, store, treat, dispose, transport or otherwise handle any hazardous substances or **materials**? If the answer to the preceding question is anything but an unqualified "no", identify:
 - a) The chemical composition, characteristics, physical state (e.g., solid, liquid) of each hazardous substance;
 - b) Who supplied you with such hazardous substances;
 - c) How such hazardous substances were used, purchased, generated, stored, treated, transported, disposed, or otherwise handled by you;
 - d) When such hazardous substances were used, purchased, generated, stored, treated, transported, disposed, or otherwise handled by you;

- e) Where such hazardous substances were used, purchased, generated, stored, treated, transported, disposed, or otherwise handled by you; and
 - f) The quantity of such hazardous substances used, purchased, generated, stored, treated, transported, disposed or otherwise handled by you.
8. Provide a list of all property and casualty insurance (e.g., comprehensive general liability, environmental impairment, etc.) and specify the insurer, policy, effective dates, and per occurrence policy limits for each policy for the time period that the respondent owned and or operated at the site. In lieu of providing this information, you may submit complete copies of all relevant insurance policies.
9. Describe the nature of your activities or business at the Site, with respect to purchasing, receiving, processing, storing, treating, disposing, or otherwise handling of hazardous metal plating substances or materials at the Site. Include a description of the items that were plated and the nature of the plating activity for each item plated.

- a) Property boundaries, including a written legal description;
 - b) Location of underground utilities (telephone, electrical, sewer, water main, etc.);
 - c) Surface structures (e.g., buildings, tanks, etc.);
 - d) Ground water wells, including drilling logs;
 - e) Storm water drainage system, and sanitary sewer system, past and present, including septic tank(s), subsurface disposal field(s), and other underground structures; and where, when and how such systems are emptied;
 - f) Any and all additions, demolitions, or changes of any kind on, under, or about the Site, to its physical structures, or to the property itself (e.g., excavation work); and any planned additions, demolitions, or other changes to the Site; and
 - g) All maps and drawings of the Site in your possession.
12. Identify all past and present solid waste units (e.g., waste piles, landfills, surface impoundments, waste lagoons, waste ponds or pits, tanks, container storage areas,

etc.) on the Site [or your property]. For each such solid waste unit identified, provide the following information:

- a) A map showing the unit's boundaries and the location of all known solid waste units whether currently in operation or not. This map should be drawn to scale, if possible, and clearly indicate the location and size of all past and present units;
- b) The type of unit (e.g., storage area, landfill, waste pile, etc.), and the dimensions of the unit;
- c) The dates that the unit was in use;
- d) The purpose and past usage (e.g., storage, spill containment, etc.);
- e) The quantity and types of materials (hazardous substances and any other chemicals) located in each unit; and
- f) The construction (materials, composition), volume, size, dates of cleaning, and condition of each unit.
- g) If unit is no longer in use, how was such unit closed and what actions were taken to prevent or address potential or actual releases of waste constituents from the unit.

13. Provide copies of all local, state, and federal environmental permits ever granted for the Facility or any part thereof (e.g., RCRA permits, NPDES permits, etc.). In addition provide copies of all city, county, state and federal inspections and reports regarding the site.

14. Did the Facility ever have "interim status" under RCRA? If so, and the Facility does not currently have interim status, describe the circumstances under which the Facility lost interim status.

15. Did the Facility ever file a notification of hazardous waste activity under RCRA? If so, provide a copy of such notification.

16. Provide all reports, information, or data related to soil, water (ground and surface), or air quality and geology/hydrogeology at and about the Site. Provide copies of all documents containing such data and information, including both past and current aerial photographs as well as documents containing analysis or interpretation of such data.

17. Identify all leaks, spills, or releases into the environment of any hazardous substances, pollutants, or contaminants that have occurred at or from the Site. In addition, identify:

- a) When such releases occurred;
- b) How the releases occurred;
- c) The amount of each hazardous substances, pollutants, or contaminants so released;
- d) Where such releases occurred;
- e) Any and all activities undertaken in response to each such release or threatened release, including the notification of any agencies or governmental units about the release.
- f) Any and all investigations of the circumstances, nature, extent or location of each release or threatened release including, the results of any soil, water (ground and surface), or air testing undertaken; and
- g) All persons with information relating to these releases.

18. [Drains/Inside under a Building] Was there ever a spill, leak, release or discharge of hazardous materials into any subsurface disposal system or floor drain inside or under the [PRP] building? If the answer to the preceding question is anything but an unqualified "no," identify:

- a) Where the disposal system or floor drains were located;
- b) When the disposal system or floor drains were installed;
- c) Whether the disposal system or floor drains were connected to pipes;
- d) Where such pipes were located and emptied;
- e) When such pipes were installed;
- f) How and when such pipes were replaced, or repaired; and
- g) Whether such pipes ever leaked or in any way released hazardous materials into the environment.

19. Did any leaks, spills, or releases of hazardous materials occur on the Site when such materials were :
- a) Delivered by a vendor;
 - b) Stored (e.g., in any tanks, drums, or barrels);
 - c) Transported or transferred (e.g., to or from any tanks, drums, barrels, or recovery units); or
 - d) Treated.
20. Has soil ever been excavated or removed from the Site? Unless the answer to the preceding question is anything besides an unequivocal "no," identify:
- a) Amount of soil excavated;
 - b) Location of excavation;
 - c) Manner and place of disposal and/or storage of excavated soil;
 - d) Dates of soil excavation;
 - e) Identity of persons who excavated or removed the soil;
 - f) Reason for soil excavation;
 - g) Whether the excavation or removed soil contained hazardous materials and why the soil contained such materials;
 - h) All analyses or tests and results of analyses of the soil that was removed from the Site;
 - i) All persons, including contractors, with information about (a) through (h) of this request.
